There has been added to the library the past year about three hundred and ten new books; two hundred and ninety-seven by purchase, and the remainder in the form of reports from the State.

The library has been moved into more commodious quarters, and it is now much more convenient for librarian and patrons. The number of persons taking books from the library steadily increases, and a large proportion of the people of the town avail themselves of the privileges it affords.

J. H. DUDLEY } Library
D. E. CUMMINGS } Committee.
